## About Bombardier

Bombardier is the world's only manufacturer of both planes and trains. It is headquartered in Montreal, Canada, and its shares are traded on the Toronto Stock Exchange. It has been listed on the Dow Jones Sustainability World and North America Indexes. In the fiscal year that ended Dec 31, 2014, it posted revenue of \$20.1 billion. Bombardier is currently present in more than 60 countries on five continents, and has 73,800 employees, with manufacturing facilities in 28 countries and a worldwide network of services and support centers. Aviation and rail transportation play an integral role in people's lives — from work to leisure. Bombardier is a leader in both and is committed to developing sustainable transportation solutions that enhance communities. Bombardier maintains global cooperative partnerships and provides a comprehensive range of products that ensure operational stability and flexibility while bringing benefits to its customers, shareholders, partners and employees.

## The Friends of the Far North Line

I cannot understand why the member from Ontario cannot invest in what I am sure most people in Ontario would like to see the member invest in. Costs are allocated direct to each museum when they can be specifically identified.

## Player With Railroads: 2014

We do not believe this is the right thing to do and we certainly are going to be speaking about it in subsequent debate. As you know, if you work in transport, the rail industry itself is complex, and it has taken me a while to figure out how many entities there are.

## Canadian National Railway

. Moreover, we will continue to monitor the Alliance Agreement as part of our general oversight in this proceeding, and we are prepared to take any remedial action we deem necessary.

## Minister of Transport Amendment to Order pursuant to Section 19 of the Railway Safety Act

I would like to touch on each of the important principles in the bill. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances. .
