East Hampshire District Council

Alongside new homes, the plan aims to enable the growth of the economy, with sustainable transport, modern work places and digital infrastructure fit for the future. In particular it makes provision for site allocations for self-build, custom housebuilding and community-led housing, with four sites identified solely for this use, and also makes provision for a minimum of 5% homes to be delivered by the route at four other sites

allocated for new homes. There will be a further period of consultation in the autumn with the final version of the Local Plan submitted for independent review by the Planning Inspectorate early in 2022.

Ancillary developments which directly support the food growing role of the land will be acceptable where they are consistent with other policies. You can also look at that we use to help make decisions on planning applications. Local Plan Preferred Options We consulted on the between 2 October 2017 and 10 November 2017.

Draft Local Plan 2016

This would ensure these developments are only built in the most appropriate areas and do not have a negative impact on the surrounding locality. In addition, it also sets out guidelines for exception sites that may lend themselves to community-led housing, such as redundant community facilities, underused land and other examples, which should support communities in their search for viable building land.
