Arctic

The northern Labrador Inuit submitted their land claim in 1977, although they had to wait until 2005 to have a signed land settlement establishing. It is based on the true experiences of author Margaret Pokiak-Fenton. Once its more hospitable lands were largely settled, the government of Canada and entrepreneurs began to take a greater interest in its more peripheral territories, especially the fur and mineral-rich hinterlands.

The Arctic People

Small sculptures of animals and human figures, usually depicting everyday activities such as and whaling, were carved from and bone. They displaced the related , called the Tuniit in , which was the last major culture.

Peoples of the Arctic

For more information, see the page. Rights to land and natural resources are an important part of the culture and survival of indigenous peoples in the Arctic. An anonymous 1578 illustration believed to show left , and and Nutaq right 's 1576 search for the was the first well-documented contact between Europeans and Inuit.

Top 10 Arctic Indigenous Peoples

The predominant ecosystems were coastal scrub, wetlands, and deciduous forests.

Top 10 Arctic Indigenous Peoples

Akycha goes to school in his own community every morning like kids around the world. Smooth polished representational sculptures of naturalistic animals are crafted out of specialized stone that originates on the island. Every household had its head, an elder or a particularly respected man.

Tribes of the Arctic region

In earlier days the animals were hunted wild and tamed only to pull sleds. In the Subarctic forests, moose leave clear tracks, ruffed grouse collect

in groups near tree roots and rabbits' winter tracks make them easy to locate. Now they just live in home like we do, except that they do not have water in their taps at all the times.

Circumpolar peoples

This material is based upon work supported by the National Science Foundation under Grant No. The northern peoples lead a nomadic, semi-nomadic, or settled lifestyle.
