The Project Gutenberg eBook of A Brief History of the Worshipful Company of Ironmongers, by T. C. (Theophilus Charles) Noble

We do not lack the will to publish all the information we could give about their progress, but for the greatest of all reasons—want of room, our space being but limited—we must limit our notes to a few of the most important events. The largest establishments of the Romans for the manufacture of iron in Britain were in this county, but the method, whatever it may have been, which they employed was imperfect and the cinders of their numerous forges, wherever they are discovered, are found to contain a very considerable portion of unsmelted metal.

This would appear to be a mystery were it not explained that the Company privately purchased some other small properties, the rents from which help to keep themselves in existence, and enable them to augment the pensions of their poorer brethren. ? Thordenances of the Companie of Fruterers by them used and contynued time oute of mynde in some pointes corrected and amended by Sir Thomas Ramsey and Sir Thomas Pullyson Knightes and M r Aldran Allott by order of the Lorde Maior and courte of Aldermen.
