Kissed a Sad Goodbye on Apple Books

The modern murder mystery was plotted with the precision and attention to characterization and setting that have become a hallmark of her books, while the back story forms such a poignant and historically significant tale that it could be successfully rendered as a stand alone novel. But Kincaid and Sergeant Gemma James will discover that this case has long roots that reach far back into the past, and that resentments which should have been decades buried still have the power to hurt and maybe even the capacity to kill.

She had tried to pass him off as Ian's but he is the spitting image of Duncan and was born in a time range that meant he was conceived when Victoria was still with Duncan. A young boy evacuated from East London finds himself at a gracious country home where his path collides with the

owner's family in ways that detectives in the 1990s start to gradually untangle. I really liked this one-the best I've read in the series so far! He's widowed, she's unattached, both have children from the previous relationships.

It seemed murky, but to explain why I disagreed with the plausibility of it, I'd have to reveal too much information. One set in the forties during the war and the other set in present day.
