A Poet's Alphabet: Reflections on the Literary Art and Vocation by Louise Bogan

This result suggests the need of doing investigations about participants literacy profile, whether there is or there isn't any correlation between literacy and alphabetization. I wish I were a gardener digging away at the garden with nobody to stop me from digging. We can therefore pursue knowledge as such, and beauty, as such, in the sure confidence that by so doing we are either advancing to the vision of God ourselves or indirectly helping others to do so.

Sandburg, Carl 1878

Reading a material that is relatable to the reader may teach them morals and encourage them to practice good judgement.

PRE

In it, he records hearing church bells tolling a declaration of death, which he mistook to be an announcement of his own demise. The last year has been tough.
