**Aliens in the East; a new history of Japan's foreign intercourse. (Book, 1973) [sdk.mavlink.io]**

It must also be noted that the question of locality had another injurious outcome. The shōgun seems to have been now labouring under vivid fear of a foreign invasion. After all, he suggested in a letter to Secretary of State James Monroe in 1815, if Decatur could compel a treaty of amity with Algiers, why could not an envoy with a frigate and two sloops enter into friendly agreements with Japan? This policy was not definitely adopted, but it made itself felt in a discourteous reception accorded to the commandant of Fort Zelandia when he visited Tōkyō in 1627.

For here again was produced in a highly aggravated form the drama which had so greatly startled the nation eight years previously. But they saw, also, that the legal and judicial reforms effected by Japan had been crowded into an extraordinarily brief period, and that, as tyros experimenting with alien systems, the Japanese might be betrayed into many errors. She carried two envoys, Spex and Segerszoon, and in the very face of a

Spanish embassy which had just arrived Opening of Dutch and English Trade.

It is the chief lesson taught by the events outlined above. These troops were munificently dissuaded from their purpose by the Christian feudatories. A complete list and personal description of every one on board was drawn up by this officer, a copy of it was handed to the captain and by him it had to be delivered to the authorities who met him at Nagasaki before he was allowed to anchor.

In the early twentieth century, the Japanese accepted many modern western ideas, particularly industrialism. Bitter, therefore, was their disappointment when they found that they were to be imprisoned in Deshima, a quadrangular island whose longest face did not measure 300 yds. There was no break in the continuity of the newly inaugurated foreign trade.
