Impact of Covid

Here, Internet usage among advantaged groups includes searching for information to address professional or political interests.

Children, the internet and inequality

Parents also experience more barriers to internet use if they are Black or parents of a child with SEN. In fact, even people with highest degrees may chat or play games on the Internet from time to time.

Impact of Covid

But it breaks my heart knowing that millions of kids, every night, are unable to finish their homework simply because they are without internet access. Children, the internet and inequality: what are the causes and consequences of exclusion? It is therefore vital that children receive adequate education on understanding and using digital technologies. The role of the school is seen as crucial in addressing issues of equality or equity of access raised in this way.

Number Matters: The Multimodality of Internet Use as an Indicator of the Digital Inequalities

The author would like to thank the anonymous reviewers for their constructive comments and suggestions. Dongmiao Zhang is a Master in Public Administration candidate at LSE and a research assistant for Parenting for a Digital Future project.

Digital Divide: The Technology Gap between the Rich and Poor — Digital Responsibility

Socio-emotional factors are stable and trustful relationships within the family, strong ties to other important reference persons, competent contact

persons in case of problems, or effective approaches to deal with problems and meet challenges.
