Chisholm Trail

There were no mounting blocks when I last visited. Although called Texas fever, the tick-borne splenetic fever was first noticed in Pennsylvania as early as 1796, when cattle from the South were introduced.

Cattle Drives Started in Earnest After the Civil War

The Cattle Kingdom The cattle industry grew tremendously in the two decades after the Civil War, moving into western Kansas and Nebraska, Colorado, Wyoming, Montana, and the Dakotas in the 1870s and 1880s with the expansion of the railroads.
