The only thing left is to eliminate the tau from the root. The bad case of Fonteius, defended by Cicero so soon after the attack upon Verres, may merely shew that the orator was willing to defend any Roman official against the complaints of barbarous provincials; but it must not be forgotten that the accused was a friend of Pompeius, and that to have deserted him would very probably have been to Cicero a desertion of his own political colours. If the word is right, it is added like *awrepavrov* in *Niub*.

## Aristophanes Thesmophoriazusae

The Antode does not at present correspond to the Ode, but cp. 'I faith, and thou followedst him like a-church.
