Schumpeter 1951 Essays on Economic Topics of J. And who is the party most able to absorb the risk? The notion of the optimum rate of profit is an attempt to combine these two aspects of the role of wages.

Noahpinion: What I learned in econ grad school

In Schmidt C and F Blackaby eds.

Ramanan — Neochartalists Shifting Position ~ Mike Norman Economics

All the translations from Italian are mine. In math, especially good math and good economics, like MMT, one can follow every step with baby steps that you can explain to anyone.

HONORARY MEMBERS

Thus, DeLong and Summers are right to point the finger at the economics field itself. In Pfromm H-A and E Loderer eds.

Paolo Sylos

People should be aware that philosophers of science, like Imre Lakatos and Spiro Latsis, have said that Friedman engaged in pseudoscience -- and that his research program was less scientific than Marxism. In Rothschild KW and H-J Schmahl eds.

Introduction

.

Market and institutions in economic development : essays in honour of Paolo Sylos Labini

The whole thesis about immiserization is considered by Sylos as politically motivated. This is interesting because, as someone who never studied econ as an undergrad I was a physics major , I learned everything I know about macro from my grad courses.
