Toxophilus : 1545 (Book, 1869)
[sdk.mavlink.io]

If the original book was published in multiple volumes then this reprint is of only one volume, not the whole set. Concern to maintain archery went right to the top of English society and dated back to at least 1363, when the first of a succession of

ordinances and parliamentary statutes had commanded that Englishmen should spend their Sundays and holidays not in pointless.

Archery Practice in Early Tudor England*

And I saw two winds, by reason of the snow, the one cross over the other, as it had been two high ways.

Toxophilus (1902 edition)

This was monumental for Ascham because at the time, there was no established lecturer of Greek at the University.

Roger Ascham

Roger Ascham Primary School in Walthamstow, London was named after Roger Ascham. As this print on demand book is reprinted from a very old book, there could be some missing or flawed pages, but we always try to make the book as complete as possible.

Dedication: Toxophilus, The School of Shooting, by Roger Ascham, 1545.

For although thereby he shall not attain to that which is best, yet by these means he shall at least avoid that which is worst. This must a man look to ever when he taketh up his shaft.

Toxophilus 1545 by Roger Ascham

Our archery store has a wide range of traditional archery shop products. The objects of the book were twofold, to commend the practice of shooting with the , and to set the example of a higher style of composition than had yet been attempted in English. Hence Ascham's earliest English work, the , the importance which he attributed to archery in educational establishments, and probably the reason for archery in the statutes of St Albans, and other schools.
