### USA TODAY

But I think that it should be offset. And as we eliminate that waste, we save money that can be used more rationally for other things. This backdrop has created a fertile ground for disruptive innovation and Thematic investing.

### How to Explain the Greenhouse Effect to Kids (with printables)

Al-Arabiya, a Saudi-owned satellite channel based in Dubai, cut to a long live shot of the White House. Available in 220 countries and territories and nearly 50 languages, Discovery is a platform innovator, reaching viewers on all screens, including TV Everywhere products such as the GO portfolio of apps; direct-to-consumer streaming services such as discovery+, Food Network Kitchen and MotorTrend OnDemand; digital-first and social content from Group Nine Media; a landmark natural history and factual content partnership with the BBC; and a strategic alliance with PGA TOUR to create the international home of golf. Put simply, it is a matter of redefining our notion of progress.

### Preserve Our Planet: Earth in the Hot Seat : Bulletins from a Warming World (Hardcover)

Readers will enjoy many fun features, from climate connections in global hotspots, to amazing before and after snapshots, to questionnaires answered by climate scientists and celebrities. HGTV's House Party: This exciting new talk show features interviews with top HGTV talent, including David Bromstad, Tarek El Moussa, Jasmine Roth, Alison Victoria and more.

### The Biogeochemical Dynamics Laboratory: Publications

Or any other time of the year. Russell 2012 , The environmental context for the origins of modern human diversity: A synthesis of regional variability in African climate 150,000-30,000 years ago Journal of Human Evolution, 62 5 , 563-592. If nothing is done, the consequences to the environment will be immense.

### Climate Change in the Classroom

We describe teachers who use shorter works, stories, poetry, essays, novellas, and movies that fit easily into crowded curricula and help develop important climate change teaching.

## **Climate Change in the Red States**

I look forward to the next installment, with the hope that there will be a greater focus on what is currently practiced in the climate science community, the gap between current practice and best practices, and the challenge of implementing best practices with so much data coming into so many different organizations from so many different sources. In Arkansas, over the same time frame, there may be as many as 82 days of scorching heat—a nearly three-month long heat wave. Tarek's Flip Side: Star house-flipper Tarek El Moussa has a lot to celebrate in his personal life.
