Crichton wrote and directed the suspense film 1978 , adapted from the 1977 novel of the same name by , a friend of his. Eaters of the Dead was adapted into the 1999 film directed by , who was later removed with Crichton himself taking over direction of reshoots. On the positive side, Crichton does emphasize the little-appreciated fact that while most of the world has been warming the past few decades, most of Antarctica has seen a cooling trend.
