### Malmö: Sustainability Starts Here

In Sweden, schools are only allowed to say how many places they have free. This may be because middle-class families consider academies a viable option, but did not consider their predecessor schools to be so. Sjögren says that many years ago there were times when the emergency services wouldn't drive into Rosengård without police escort - but that this is no longer the case.

### What Swedish free schools reveal about social segregation

The state on national exams. Independent schools have a larger proportion of girls, a larger proportion of pupils with parents who have continued with education following upper secondary school, and a larger proportion of pupils with a foreign background.

### Is Sweden proof that school choice doesn't improve education?

In a time of stretched budgets, municipalities saw teachers as relatively well paid compared to their other employees however, particularly since the value of paid hours outside school for planning and assessment was not always understood. The importance of providing meals for children at school has also been stressed in research outside the Nordic context.

### Doubts grow over the success of Sweden's free schools experiment

The work over the years has often been characterised by a lack of systematic evaluation of the projects as a whole, as well as of specific actions within them. Rothstein 2013 states that 39 percent of African American children are from families with income below the poverty line and 28 percent of African American children live in high poverty neighborhoods. North Carolina is becoming increasingly multiracial.

For the children and adolescents growing up in circumstances of economic hardship, this kind of compensatory system makes a great difference on a daily basis. Early Child Development and Care, 163, 61—78.

### **What Swedish free schools reveal about social segregation**

I decided to write this because I have lived in Malmö all my life, have moved a lot within the city, and for the most part have lived in areas which are almost exclusively comprised of migrants.

### **What Swedish free schools reveal about social segregation**

Sweden has recorded just over 4,000 confirmed cases of infection, and 146 deaths.
