### Airport

For information on airlines, concessions, amenities, and business opportunities in and around the airport, please visit.

### Flight Information and Updates

However, when this was rejected the future of the scheme was in doubt. Exceptions are made for emergencies and planned maintenance. This is a cheaper alternative to the on-site car parks and is served by a 24-hour shuttle bus every 15 minutes.

### Flight Information and Updates

In July 2007 the airport introduced a 'No Waiting' restriction on all access roads surrounding the terminals. Passenger flow on Terminal 1's gating piers is due to be realigned, with plans to redesign the piers so departures and arrivals do not contraflow on the same level, allowing larger seating areas at the gates, express retail outlets and a dedicated lounge and gating area for future flights. Please complete the highlighted destination field below.

### Flight Information and Updates

This removed the opportunity for 1,000s of their residents to access Manchester Airport through the bus service the Airport had established, and initially subsidised, in 2000. There are over 100 freight forwarding companies on site. In 2009 the airport opened JetParks — two long-stay car parks less than a mile from the terminals.

Enter your return date in this format: {0}. Currently only Gate 12, Pier B, has been upgraded to accommodate the A380.

### Flight Information and Updates

Last update: April 2016 April 2016 Proposed as part of the SEMMMS South East Manchester Multi-Modal Strategy Relief Road Scheme, to

the south of Stockport opened in 2018. The airport has since augmented these products with a 3rd JetParks car park, JetParks 3.

### **Flight Search**

There are also minor local roads serving the airport from the north and the east.
