## Census of Canada

. As provinces joined Confederation, they were included in subsequent federal census returns, for example Prince Edward Island in 1881. Unfortunately, in the 1880-81 Census, statistics for areas smaller than the subdistrict level are only available for cities and towns with a population greater than 5,000.

## Canada: Saskatchewan (Census Divisions and Municipal Units)

Census of Agriculture and Census of Population taken every five years thereafter. A large proportion of the Aboriginal population in Canada suffers socio-economic disadvantage in comparison to non-Aboriginal Canadians. The bilingualism rates remained practically unchanged in Manitoba 8.

## 1940 Census of Population: Volume 1. Number of Inhabitants

At a regional level, forests provide many services. In recent years, about 3% of Canadians with no religious affiliation have said they attend services at least once a month.

## Unemployment in Canada

There were close to 220 males for every 100 females 15 years of age and over in British Columbia in 1891 as compared with only 107 per 100 in 1956. TSmslcouata 19,334 8,872 10,462 13,583 16. Incidentally, by definition the married population in the 1956 Census included those who were separated from their partners for economic or domestic reasons.

## Full text of of Canada, 1956. Volume III = Recensement du Canada, 1956. Volume

Though each report includes some description of the subject matter analysed, reference is also made to the 1956 Census Report, 1-22, for a fuller explanation of census concepts and definitions. The percentage of females married was consistently lower in Quebec than elsewhere in Canada for

all age groups.

### **Population of India: Characteristics, Growth, Distribution, Videos, Examples**

The federal incarcerated offender population has declined by 8. TABLE OF CONTENTS TABLE DES MATIERES Parti Partie I 3-1 Growth of Population in Canada.

### **Unemployment in Canada**

Offence rates for crimes involving fraud and offensive weapons were low in First Nation Communities relative to small urban areas. Number and percentage married of the female population 15-44 years of age, by age groups, for Canada and the provinces, 1956 TABLEAU III. Overall, violent offence rates were quite higher in First Nations Communities than in small urban and other rural areas.
