A Secondhand Life (Killer Thriller #1) by Pamela Crane

Twelve-year-old Mia Germaine survives a fatal car accident in which her father is killed. .

Spinner

At the same time, she gains a new heart. What she is going to uncover will change everything - forever. A heart transplant from a young murder victim saves Mia's life but with an unexpected side effect.

Spinner

Every advance of technology is introduced with exaggerated claims of the benefits to be expected, which are generally accepted with enthusiasm. First off let me say the book had good bones, however everything happened way to fast.

A Secondhand Life (Killer Thriller #1) by Pamela Crane

It focused on the debauched organist of a church the narrators attended as children.

World's first face and hands transplant gives New Jersey's Joe Dimeo a second chance at life

He was readmitted four months later after suffering a. According to the book and my internet research , people who receive organ transplants some times change.
