I may not have authority to grant permission regarding some photos that were only loaned to me by others specifically for this website. Routes are drying up, being taken out of service, sold or leased to new owners.

No. 174, SPRING 1996 of Railroad History on JSTOR

The West Stayton line runs from Woodburn to Stayton which is 31. System additions which brought with them more operations in Portland led the company to move its headquarters north from Albany to. Jeff Shultz took these photos of the WVR and was kind enough to allow me to show them on this site.

Railway & Locomotive Historical Society, Inc

All that links these places is a network of remote rail lines. And as obscure as these locations are, they would be even more obscure without the railroads if they existed at all.

Railway & Locomotive Historical Society, Inc

Although CORP and PNWR cross each other in , operating agreements with prevented the two railroads from interchanging traffic directly. All our books are listed on line and visitors are welcome by appointment. Both are EMD GP35Es that make 2500 h.
