He withdrew from Bulgaria with insufficient troops to repel the Pechenegs lying in wait for him at the Dnieper rapids, and met his death at their hand in the spring of the following year when he tried to break through to Kiev.

## Ukrainian Literature in English, 1980

The Caspian Sea, which used to meet most of the Russian fish requirements, is now relatively unimportant, and the level of the lake itself is falling. Moreover, from its foundation the Russian Church upheld and justified the authority of the grand prince, adding new substance to Kiev's claims to supremacy among the Russian principalities. Now three-quarters of the output comes from a very much longer zone, stretching from the Donbas and nearby gasfields through the Volga-Ural oilfields to the coal and water-power sources in central Siberia, west of Lake Baykal.

Florovsky, 'The Problem of Old Russian Culture', Slavic Review, xxi 1962 ; D. In 1375 Mikhail again obtained from the Khan the charter for the grand principedom, but Dimitri sent a strong army against Tver', consisting of troops drawn from nearly all the north-eastern principalities, including even several small appanage holders in the principality of Tver'. Since Pravda russkaya is a collection of laws promulgated over a period of time and in response to particular events and circumstances rather than a general codex, it is a valuable but somewhat erratic and haphazard source of information on Kievan society; the added difficulty of its language and terminology raises problems of interpretation that make it possible to cite the codex in support of widely differing conceptions of Kievan history.

The first congress of princes was held in Lyubech in 1097, when it was agreed that they would care for the Russian land 'as one heart' and abide by Yaroslav's original division of the country; i. Russia was divided between them along the line of the Dnieper: Mstislav held the left bank with the important cities of Chernigov and Pereyaslavl, Yaroslav the right bank and Kiev.
