Rollag Parish, Buskerud, Norway Genealogy • FamilySearch

Numedal is a valley, nestled in the belly of Norway, on route between Oslo and Bergen, with an enormous variety of excellent ingredients and products. Final approval by parliament was first made on 20 July 1921. The line then runs past the stop Midtstigen and Søndre Sandnes before running through five tunnels, named Sandnes I and II, Vrennedalen I and II, and Bondeberg, which are between 12 and 140 meters 39 and 459 ft long.

Rollag Parish, Buskerud, Norway Genealogy • FamilySearch

Up to 70 people worked on the line, in addition to station employees. For a short period during the 1980s, there were also school trains, but as this forced NSB to operate two multiple units on the line, it proved too expensive and was soon afterwards again provided by bus. It is now owned by the.

Numedal Matfestival {Local Food, Local Producers}

Various classes of multiple units have been used, including , and. The largest amounts were paid by Flesberg with NOK 635,000, with NOK 615,000 and Rollag with NOK 517,000, while paid NOK 198,000, Kongsberg NOK 125,000 and Drammen NOK 80,000.

Numedal Matfestival {Local Food, Local Producers}

When a record is written with labeled columns it is much easier to search. The initial estimates for the line was a cost of 8.

Numedal Line

Local food festivals are a unique way to connect with the community and natural surroundings. The station area at Rollag On 3 August 1918, the line was passed by the and it was decided that the line was to be built with standard gauge, which by then had become the norm. If you find yourself in the area of Numedal, be sure to stop by one of the local markets or attend the annual food festival.
