From Socialist Theory to Communist Realpolitik

In place of the internationalism expressed by Lenin throughout the Revolution, it aimed to build Socialism in One Country. Lenin was an eminently practical person. Older books abound: Civil War in Russia by David Footman 1961 , Civil War in Russia, 1917 - 1920 by J.

Inevitable Historicity: Perkonkrusts and the Final Solution in Latvia

Really good maps, nice pictures and even some contemporary aerial photographs of the battlefields of the Cesis campaign.

Iskolats

Results According to figures presented in the Duma by Professor Maksim Kovalevsky, by April 1906, more than 14,000 people had been executed and 75,000 imprisoned.

What Caused the Russian Revolution?

Disease had reached pandemic proportions, with 3 million dying of typhus alone in 1920. Lenin compared Russia to a man beaten within an inch of his life. After the treaty, it looked like much of that material would fall into the hands of the Germans.

The Russian Revolution: a brief reading guide

I also read up on the social and political aspects, but more patchily. A must buy if you have any interest in armoured cars at all.

The Russian Revolution: a brief reading guide

At the time, even many of his fellow Bolsheviks thought this was madness: There was no way that Russian workers were ready to form a

dictatorship of the proletariat. Several parts of the former Russian Empire—Finland, Estonia, Latvia, Lithuania, and Poland—were established as sovereign states, with their own civil wars and wars of independence. Though the lot of the Russian worker was difficult, it was nevertheless comparable to that of workers throughout Europe.

Inevitable Historicity: Perkonkrusts and the Final Solution in Latvia

We will face very different problems than those Lenin confronted in 1917, and we do not aim to copy the example of Russia under Lenin. Following the Revolution of 1905, the Tsar made last attempts to save his regime and offered reforms similar to those of most rulers pressured by a revolutionary movement. The book provides perhaps the most detailed presentation of the role the Bolsheviks played, top to bottom, in the months leading up to the October Revolution.
