**Oh terrifying mother : sexuality, violence, and worship of the goddess Kali / Sarah Caldwell**

The brilliance of Caldwell's text is in giving the reader an experience akin to the audience at the ritual.

**Oh Terrifying Mother: Sexuality, Violence and Worship of the Goddess Kali**

I read this book the year it came out, and tremendously admire Caldwell's sometimes dense but always vivid writing style, both theoretical and descriptive passages. In so doing, this is not a typical ethnography, but instead a rich and compelling story of both the subjects of her research as well as her own journey and transformation as the researcher.

**Oh Terrifying Mother: Sexuality, Violence and Worship of the Goddess Kali**

This is a superb piece of anthropology about the goddess and her worshippers in South India today. I read this book the year it came out, and tremendously admire Caldwell's sometimes dense but always vivid writing style, both theoretical and descriptive passages.
