The garden at Monks House

The , designed during the Early Middle Ages, was drawn by of for Abbot Gozbert of. From the early eighteenth century onward, thanks to gardeners like , , and garden design in England took a completely different, romantic and informal turn. As the name suggests, the physic garden or herb garden grew medicinal plants and culinary herbs.

The Monastic Garden

A photograph of the actual plan, which was drawn on parchment, can be found in the Wikipedia entry,. The Carthusian Order began in 1084 when Bruno, a priest and head of the cathedral school and chancellor of the diocese of Rheims, in his mature years founded the Grande Chartreuse in Provence.

The Original Herb Garden

Herbal medicine is an essential part of folk medicine and the traditional medicinal practices of Europe. In the Hildegard kitchen, she finds anise, ginger, mint, licorice or cinnamon indispensable.

The garden at Monks House

Biological rhythms also apply on large scale, including weeks, months, seasons and years.

Holistic Healing: Six Steps to Holistic Health

Eventually, people began to seek alternative forms of medicine. It is also about empowerment. Her work would make the ever-curious and ingenious Mendel proud.
