**Леса Монгольской народной республики (география и типология)**

This indicates that this passage may originate in the Huainanzi, the commentary to which was amended in the Kongzi jiyu and then lost from later editions of the latter text. However, this would be compensated by the creation of approximately 8 000 new jobs in other sectors as a result of ex-smokers' increased expenditure in other goods or services that require more workers than the automated production of cigarettes. .
