Harry S. Truman: Foreign Affairs

These were people you would see every day. This clause also allows lower-level officials to be appointed without the advice and consent process.

First World War and the Democratic Control of Foreign Policy*

The drive in favour of democratisation, decentralisation and liberalisation in the socialist states of Europe, the new states of Central Asia, Russia and Mongolia has given a new direction to international relations of post-1990 period. In any normal government operation the vast majority of such appointees would be selected by the White House on the basis of a combination of high personal qualifications and support for the President's policies and programs. The danger, though, was obvious.
