### Drug & Alcohol Rehab in Scotland

But if your family are able to help pay towards the cost of a care home, they can add to the money the council gives you.

### Visiting nursing homes and residential care facilities

Currently, the total spend on residential rehabilitation and the distribution of the spend across Scotland are not known. It is important there is access to this intervention evenly across Scotland and that national models are developed around planning, value for money, commissioning, referral pathways, types of intervention, discharge and aftercare, what constitutes good or best practice and monitoring or regulation. A temporary database of treatment and needle exchange services can be found.

### Care Inspectorate (Scotland)

The current care provider has advised it cannot resource two careers per visit to enable him to be raised out of bed.

### Funding care

Recent research on residential treatment suggested that better outcomes are experienced when mental health treatment is integrated into residential treatment. Some carers provide care for a few hours a week, others for 24 hours a day, every day. How to pay for a care home Before deciding how to pay for a care home, it's worth asking your local authority for a needs assessment.
