That the fall of such a man should fail to stir in us either pity or fear is to be expected ; but that a man in whom are to be found the above character- istics, calculated to produce only hatred, should at any stage of his career touch our sympathy, nay, more, rouse a wondering admiration, as Barabas does, is a matter for serious consideration. Nevertheless, the feeling that we carry away from a perusal of the play is one of mingled pity and aversion in which the former is fully as powerful as the latter. Gilbert was also recognized for the integrity of his practice and his ability to manage simultaneously the construction of large-scale projects. It is just this uncertainty and the uncalculable nature of the terrible events that 88 THE VILLAIN AS HERO may result from some error or frailty to which we are all subject that cause tragic fear.
