The character of serfdom in Europe in the eighteenth century; it was a relic of the economic conditions of medieval civilization; and its conditions differed greatly not only in different countries but in different parts of the same country; even where serfdom itself had ceased to exist feudal conditions remained which made the lot of the farmer or agricultural laborer very little better than that of a serf. Catherine summoned an assembly from all parts and all classes of the Empire to draw up a code of laws 1766-68, but Russia was not sufficiently advanced in civilization for such a benefit. It is not mentioned in the Domesday Book 1086 but it may have been too small to merit a mention of its own.
