Kinsei hōken shihai to minshū shakai : Wakamori Tarō Sensei kanreki kinen in SearchWorks catalog

Hibino Terutoshi, Sushi no rekishi o tazuneru Tokyo: Iwanami Shoten, 1999 , 26-27. David Howell and Daniel Botsman taught me both through their work and in person how to narrate Tokugawa social history on its own terms while engaging broader questions about early modernity.

#AsiaNowSpeaks with Maren Ehlers

When Shogun Yoshinori hosted Emperor GoKōmatsu 1377-1433 he served seventy rounds of drinks. Among the hundreds of culinary texts published in the early modern period in Japan, menu collections kondateshū form a significant genre. Urban legend combined with the fact that the first mention of a California Roll in a newspaper article dates to 1979 means that the identity of the inventor of the iconic roll, if there was such a person, will likely remain a mystery.

Recovering Japan's urban past: Yoshida Nobuyuki, Tsukada Takashi, and the cities of the Tokugawa period

Sushi no rekishi o tazuneru. Kamigami no nikushoku to kodaishi. I also introduce another longstanding question in Japanese food history regarding the prevalence of meat consumption in premodern Japan before 1868 to show that sometimes trying to explain an absence presumes that absence.

Known Unknowns in Japanese Food History

So, this became a personal essay focusing on areas of the unknown that I have encountered in my own work. I faced a couple of challenges that come from working with unpublished local manuscripts.

[PDF] Population, urbanisation and farm output in early modern Japan, 1600

Whatever the alcoholic beverage, current law requires printing the ABV on the bottle, but the strength of premodern sake remains a mystery.
