**Present state of economy is temporary phase, says Amit Shah to students in Gujarat**

India has made progress increasing the primary education attendance rate and expanding to approximately three-fourths of the population. India is a founding-member of GATT and its successor, the WTO. The long-term growth perspective of the Indian economy remains positive due to its young population and corresponding low dependency ratio, healthy savings and investment rates, and is increasing and integration into the.

## Economy of India

Agricultural production increased under Mughal , with Indian agriculture being advanced compared to Europe at the time, such as the widespread use of the among Indian peasants before its adoption in European agriculture, and possibly higher per-capita agricultural output and standards of consumption then 17 century Europe. International Center for Public Policy, Andrew Young School of Policy Studies, Georgia State University. NOTE: 1 The information regarding India on this page is re-published from the 2020 World Fact Book of the United States Central Intelligence Agency and other sources.

## Economy

Ministry of Information and Broadcasting, Government of India. In the period 1760—1800, Bengal's was greatly diminished. Since then, the overall thrust of liberalisation has remained the same, although no government has tried to take on powerful lobbies such as trade unions and farmers, on contentious issues such as reforming labour laws and reducing.

## Economy

Under British rule, India's a number of native manufacturing industries shrank. Nationalisation In March 1953, the Indian Parliament passed the Air Corporations Act to streamline and nationalise the then existing privately owned eight domestic airlines into for domestic services and the Tata group-owned for international services. In the 1890s, Tata launched plans to expand into the heavy industry using Indian funding.
