4 Ways You Can Tackle Racial Discrimination In Your Workplace

In research on presentence reports, for example, scholars have found that people of color are frequently given harsher sanctions because they are perceived as imposing a greater threat to public safety and are therefore deserving of greater social control and punishment.

Six policies to reduce economic inequality

Finally, in consultation with experts, advocates, and a diverse array of stakeholders, policymakers should consider ways of collecting data on birth and death certificates that are inclusive of a broad range of gender identities. The data show we have created bad tax policy by giving capital gains -- profits from the sale of property or investments -- special privileges in our country's tax code; privileges that give investment income more value than actual work.

Ten Solutions to Bridge the Racial Wealth Divide

Make high-quality child care affordable When parents return to work, they need access to affordable, quality child care options that keep children safe.

8 Everyday Way to Fight Racism

Segregation, racial structure, and neighborhood violent crime.

Is Race Discrimination in School Discipline a Real Problem?

Furthermore, when a woman has coverage of and access to maternity care, the positive health impacts can be long lasting to both her and her child. As a result of strategic reforms across the criminal justice spectrum, combined with steadily declining crime rates since the mid-1990s, prison populations have begun to stabilize and even decline slightly after decades of unprecedented growth. This work was done collaboratively with other health care professionals.

4 Ways You Can Tackle Racial Discrimination In Your Workplace

Social determinants of health are conditions that affect the health and quality of life of people in a given environment, including where a person lives, earns, works, or plays.

The Color of Justice: Racial and Ethnic Disparity in State Prisons

Uneven justice: State rates of incarceration by race and ethnicity.

Inequality vs. racism

Since 2000, however, the state has reduced its prison population by 28%. The combined effects of racial and gender discrimination on the advancement of women has been attracting attention to such substantive issues as migration, human trafficking, and violence against women.
