## Quran Explorer

The language of the original message was Arabic, but it has been translated into many other languages. These warners include not only biblical figures such as , Abraham, and Moses but also nonbiblical messengers sent to certain ancient Arabian tribes. Qur'ānic verse borders are normally defined by the presence of a verse-final rhyme, even though the Islamic tradition transmits conflicting systems of subdividing the Qur'ān into individual verses.

## AI Quran MP3 Audio

The shortest surah is Al-Kawthar, made up of only three verses; the longest is Al-Baqara, with 286 verses. While Abraham and the other prophets call upon the people to have faith and leave false idols, the Quran asks believers to bear the rejection of Islam by nonbelievers with patience and not to take it personally.

## The Quranic Arabic Corpus

The Quran consists of 114 chapters known in Arabic as suras and each chapter is subdivided into verses known in Arabic as ayat. Its predecessors such as the Torah, Psalms, and Gospels have all been superseded.
