## STANDARDS OF EXCELLENCE FOR CHILD WELFARE SERVICES

Thus, there are serious public safety concerns about the approach of using prosecution or transfer to solve behavior management problems in juvenile custodial settings. The National Employment Law Project NELP created a toolkit for workers, their advocates, and allies to help protect the rights of employees during this public health emergency. Meaningful opportunities for youth to advocate for themselves help staff to learn from the youth and adjust facility practices in ways that better meet their needs and help manage youth behavioral.

### Coronavirus (COVID)

In custodial settings, regardless of the size of the facility, youth should be placed into small, family-like groups of no more than 12 youth, and members of these small groups should participate together in every aspect of daily life together during their incarceration.

Endnotes This chapter is adapted from a report titled, Understanding and Addressing Youth Violence in the Texas Juvenile Justice Department, by

Michele Deitch, Amy Madore, Kate Vickery, and Alycia Welch, published by the Lyndon B. A Blueprint for Change: Improving the System Response to Youth with Mental Health Needs Involved with the Juvenile Justice System.

### **National Center for Youth Law**

Transferring youth to adult facilities is not considered an appropriate behavior management tool. Staff members who understand how their job influences relationships with youth are most successful at preventing misbehavior among youth.
