This books aims to redress this imbalance, bringing together a group of leading authorities to address key issues on the subject of crime and ageing, considering older people as both victims and perpetrators of crime, and looking too at conditions faced by older prisoners. Productive Aging also outlines self-management strategies for promoting participation and engagement in productive occupations for the older persons' own continuing development, health, and well-being.

Encyclopedia of Aging: A Comprehensive Resource in Gerontology and Geriatrics by Richard Schulz

The intentional mistreatment of, or harm to, elderly persons is classified as elder abuse. This multidisciplinary review of the literature on minority aging presents the scholarship related to public health and 'social, behavioral, and biological concerns' of aged minorities like no other publication.
