Final Report

This final report includes the expenditure the members incurred while working on the project to submit to UGC for the sanctioned grant and also contains the research study matter. Unanticipated Adverse Device Effects The sponsor must report the results of an evaluation of an unanticipated adverse device effect to FDA and all reviewing IRBs and investigators within 10 working days after the sponsor first receives notice of the adverse effect.

How to Write Project Report: Complete Step

The paper must be in PDF format, and must not exceed 10MB. Doing so will save time and provide consistency and predictability of the information the stakeholders will receive about the status of the project. Comparative therapeutic efficacy of remdesivir and combination lopinavir, ritonavir, and interferon beta against MERS-CoV.

Science Fair Project Final Report

If the change or deviation may affect the scientific soundness of the investigational plan or the rights, safety or welfare of the subject, the sponsor is required to obtain prior IRB approval and also to obtain FDA approval for a significant risk device investigation by submitting an IDE supplement.

Submitting Your Final Research Performance Progress Report

This new approach requires securing critical networks in collaboration with the private sector to promote national resilience and increase the security of the cyber ecosystem. Since stakeholders rely on the status report for a heads-up on the project, and its content is used as the basis for decision-making, it is critical that the report provides both complete and accurate information.
