Review: Changing Times in the USSR on JSTOR

It now has print runs in Russia of about 235,000. Politics and society are also covered. While Luzhkov was in favour with the Kremlin, Sovershemno Sekretno could satisfy its readership with stories of corruption in high places.

The death of glasnost: How Russia's attempt at openness failed

Pots of boiling water steam the windows, obscuring the snowdrifts outside. Whatever the ingredients, it is always made in vast quantities.

Chernobyl 30 years later

The result was this little gem of a book, now back in print! Trud is published weekly with print runs of 220,000. He worked as a special correspondent for magazine in when he appeared as 'Moscow Correspondent' on Saturday Night Clive. It is owned by the Agency of Journalistic Investigations, which is majority owned by the Swedish.

World in a dish

While it originally was owned by , now it is operated by TV-Novosti, another state-controlled enterprise. It demonstrated the robust debate that brings democracy to life.
