With each click Adventurer became more alert and suspicious of the judge walking behind us. So we ask can one truly evaluate loyalty, obedience and insight when there is no real work for the Doberman to perform? He felt anticipation was not disobedience but part of the problem solving abilities in certain breeds such as the Doberman. Perhaps the uniqueness that extreme inbreeding provided the Doberman was the ability to leave many of those inherited, instinctive traits intact.

### Human minds : an exploration (Book, 1992) [sdk.mavlink.io]

Many believed that with the strong breeding of the Doberman, traits that were lost would return on their own. The last of these has received the least explicit attention in western cultures. Dobe Villa was owned by the Reynolds family who imported and showed Dobermans from Europe.
