The implementation of the proposed method allow one to assess the levels of financial decentralization of local budgets to establish the degree of financial autonomy and financial self-sufficiency of the territories.

Artículos de revistas: budgets Connecticut

In this study, we characterize the wild bee fauna of a discrete maritime habitat in Connecticut, USA, and examine salt-marsh, beach dune, and coastal scrub bee communities adjacent to Long Island Sound. The results obtained should be considered when determining the effectiveness of financial support for local budgets in the process of socio-economic development of regions.

Mechanism of an Economic Regulation, n. The authors highlighted the main shortcomings of the existing mechanism for the formation of local budgets, namely, the absence of a procedure for forming the income and expenditure part of local budgets. To date, there are many shortcomings in the planning of the revenue and expenditure part of the budgets, as well as a rather high level of violations when considering and making decisions about local budgets, due to which the number of socioeconomic functions of local self-government bodies is not carried out accordingly.

Chibang chǒngbu yesan p'yōnsǒng chedo kaesǒn pangan yŏn'gu (1986 edition)

It proposes the set of instruments for estimating present financial stability of local budgets. The article aims to explore approaches to the

interpretation of the category of subsidized budget, propose criteria for categorizing the regional budgets as the subsidy dependent ones, offer an original definition of the local budget subsidy dependence, and on this basis, classify the regions of Russia by level of subsidy dependence. Decentralization is one of the most important transformations in the European integration context and aims to form real local self-government, starting from the basic level — united communities.
