While we cannot see you in person if you have a cough, shortness of breath, cold symptoms, or a fever, we are using telehealth to accommodate patients who need to come in for their regular monthly appointments. We believe in and respect our patients' abilities to listen to medical information about his or her conditions and then work with physicians to resolve or alleviate their symptoms.

The

We make it a priority to take TIME to EDUCATE and work with each patient to ACTIVELY MANAGE medical care. In addition, all procedures are performed under fluoroscopic guidance or ultrasound. Today, patient often feel like they have little choice and little control over their medical care.
