Nitori Shuuichi

The Seven Tails or Choumei is a dragonfly-like Bijuu. Shuuichi is often stated as looking androgynous, to the point where they are often able to be seen out in public as a girl, even while presenting masculine. Shuuichi and Maho both sign up to be models.

9 Bijuu and Jinchuuriki Characters of Naruto

After co-writing a gender non-conforming rendition of Romeo and Juliet with Saori, Shuuichi and Saori both join the drama club in junior high school. That's the end of the Jinchuuriki and Bijuu countdown! During this time, the two become very close, and Shuuichi sees Yoshino as someone who understands Shuuichi's authentic self for who they are, since Yoshino strongly believes that one should wear the type of clothing one wants to.

Jōruri

In seventh grade, they begin showing major signs of puberty, such as hitting growth spurts and their voice changing. The manga follows Shuuichi's life from fifth grade to when they head off to college.
