Space

Laser Incident and Injury Reporting Checklist. Behind the scenes high-ranking Air Force officers are soberly concerned about the UFOs.

Space

The United Nations Office for Outer Space Affairs UNOOSA serves as the secretariat of the Committee and is promoting Access to Space for All through a wide range of conferences and capacity-building programs. Several nations have enacted or recently updated their national space law, for example, in 2017, the in 2015, and Japan in 2008.

Space law

The Outer Space Treaty also incorporates the by reference, and requires parties to ensure that activities are conducted in accordance with other forms of international law such as the custom and practice of states. But unlike fellow European nations Norway and Switzerland, the UK will have to leave EU-funded programs. Further, the United Nations Committee on the Peaceful Uses of Outer Space COPUOS , along with its Legal and Scientific and Technical Subcommittees, are responsible for debating issues of international space law and policy.
