No one tells it better than this dynamic author team. Using insights from their practical as well as academic experience with the UN, the authors show how the UN has influenced norms and operations in three keys areas - security, human rights, and sustainable development - and provide recommendations for improved UN performance in the future. The authors approach the subject through several theoretical lenses and look at world order and how the United Nations has shaped it and what that order will look like in the future with the UN.
