## The Burglar Who Thought He Was Bogart book by Lawrence Block

The Eastern European plot line is very reminiscent of some of Block's Evan Tanner storylines penned 30 years prior. Block is a such a talented writer that I thought this one was an anomaly.

The story is fun with plenty of the usual humor. This time Block has not one, but two characters who have a dead-on imitation of the Sidney Greensteeet character speech patterns. Bernie may be too generous for his own good in Lawrence Block's seventh Burglar Who.

It is much easier to identify with this character than, say, Block's hit-man series where the protagonist is a hired killer. George, the patriarch, is a stalwart of television interviewing, a 'national treasure' his words ; his wife, Beverley, a celebrated novelist; and their children, Nelson, Elizabeth, Achilles, various degrees of catastrophe waiting to happen. Bookseller Bernie Rhodenbarr's in love—with an exotic Eastern European beauty who shares his obsession with Humphrey Bogart movies.
