and psychology, the contributors argue that in fact body hair plays a central role in constructing masculinity and femininity and sexual and cultural identities.

The Last Taboo: Women and body hair on JSTOR

Interestingly, these responses in and of themselves completely supported the argument of the book and were predictable from what my contributors and I examine in the book, which is that body hair is an instance of how issues can be defined as socially, culturally or historically too silly and trivial to be discussed, on the one hand, whilst on the other they are simultaneously seen as too dangerous, mad and monstrous to be considered, and we argue throughout the book that this is in fact how social and cultural power acts itself out.

10 Celebrities Who Are All About Their Pubic Hair

It was during this discussion that I decided to write a book on this whole topic, especially when I then discovered during subsequent research that nobody had done so already. And with all that extra body being on display, Gillette found his opening.

Is money the last taboo?

While a full study of the play would reveal a far more complex series of tropes, I will focus on four elements which best reveal the tie that binds the seemingly closed symbols of the play.

The last taboo: Women and body hair by Karin Lesnik

Using a wide range of thinking from gender theory, queer theory, critical and literary theory, history, art history, anthropology
