I thought it was a very enjoyable movie but it was the version of the song California Dreamin' that hooked me. Join the Flipboard community for free today.

California Dreaming (1979)

Modern photographers too are drawn to the dramatic illuminations and shadowy figures of urban evenings. All that stuff going on downtown existed in its own world because the outside world didn't get it until a certain point, because there was no money to be made from it yet.

THE ART OF GROWING — Jilipollo

Starr unearths all kinds of little details about that lifestyle that I'd never thought about before.

La

From the to ... California may never again produce a scene as cohesive or influential as Haight-Ashbury or Laurel Canyon — or even Sunset Strip metal — but the state will almost certainly continue to attract musicians and fans from all over the world, most of them searching for the twin grails of hedonistic excess and spiritual enlightenment which have brought newcomers flooding into the state for over a century. It's revisionist to claim

this movie as the progenitor of the fanciful coming-of-age farces which were to come in later years.
