### Zwölfer

Sources indicate that the taxation system of early Islam was not necessarily an innovation of Muslims; it appears that 'Umar adopted the same tax system as was common at the time of the conquest of that territory. Os muçulmanos não seguem apenas as leis do Alcorão, eles também seguem os exemplos do profeta, o que é conhecido como a , e a interpretação do Corão contida nos ensinamentos do profeta, conhecida como. Como solução alternativa, os volumes do Alcorão devem ser enterrados ou queimados de uma maneira respeitosa.
