Archaeological Sites

We aim to create a safe and valuable space for discussion and debate. A Jesuit text from 1642 refers to a priest who was buried alongside the founder and another friend, but there is no record of where that burial took place.

Fragments of Humanity. Archaeology in Québec

In 1535, the settlement was visited by the Breton explorer Jacques Cartier, from which most of our information about the settlement comes. Our hotel is located in the heart of downtown and you will have free time to explore the winding historic streets and enjoy magnificent views of this historic city. Not to be overlooked though are many of the permanent features of the museum.

To confirm the identity, researchers would have to match up remains with what little that is known about Champlain physically — for example traces of the arrow wounds he suffered during a 1613 conflict with the Iroquois. This was also the period when the Ministère des Affaires culturelles began to make an inventory of archaeological sites in Québec. For example, in this province the Pre-Inuit people are represented by the Pre-Dorset, Groswater and Dorset based on differing cultural traits.
