## Women in medicine

In November 1970, the Assembly of the Association of American Medical Colleges rallied for equal rights in the medical field. In the United States, for instance, women were 9% of total US medical school enrollment in 1969; this had increased to 20% in 1976.

## Women in medicine

She was also the first woman appointed to the faculty of. The pediatrician, he argued, could also use his talents to facilitate the Americanization of immigrants.

## Women and Medicine

Universally discouraged by male physicians from pursuing her dream of a medical education, Elizabeth earned a living as a schoolteacher while training informally in a physician's household. It challenged hospital treatment, and doctors' practices.

## A history of women in medicine from the earliest times to the beginning of the nineteenth century (1977 edition)

In 1972, the University of Iowa Medical School instituted a new training program for pelvic and breast examinations.
