[REQUEST] Cookbook containing mostly vegetable dishes without dairy, meat and grains? Preferably not complete meals, just vegetable dishes. : CookbookLovers

With skillet-to-oven recipes, sheet pan suppers, one-pot meals and more, this is real cooking for real life: meals that are wholesome, delectable —and mostly plants. It isn't the typical beauty shots of each finished dish.

Other products we considered The is an ultra-popular book of vegan recipes. The first time my parent's PSW cooked them asparagus for dinner, she did not know how to cook it so she boiled it.

The Best Summer Vegetarian Menu of All Time

However, I was also a little wary at the outset because far too frequently I have found that cookbooks by celebrity chefs can be shallow vanity projects not worthy of I should start by admitting how big a fan I am of Chef Eric Ripert, having eaten his food on one memorable occasion and enjoyed his many television appearances over the years with the late Anthony Bourdain. I want recipes about vegetables.
